Balusters

Deckorators Classic Aluminum Balusters lend a sleek, contemporary feel to outdoor settings. For a deck all yours, customize with a collar, centerpiece or Designer connectors. Colonial Balusters add timeless elegance to the outdoors. Alternate Colonial and Classic balusters and add Designer connectors for a custom look. The distinctive European flavor of Baroque Aluminum Balusters is a backyard favorite, while the graceful curve of Arc Aluminum Balusters adds beautifully to any design. Give your deck a modern touch with Estate Aluminum Balusters and add custom flair with unique baskets or collar accessories, or both. Geometric styling makes Traditional Aluminum Balusters the sophisticated classic. Scenic Glass Balusters clearly create an outdoor "room with a view." The hourglass-shaped Contour and the straight, beveled-edge Frontier are made of 5/16"-thick tempered safety glass. Create your look by alternating Contour and Frontier. Our balusters are ready to install, using our easy installation guide.
