

Speedtalk Mobile GSM SIM Card Activation Guide

EMX Industries, Inc. is currently including a GSM Mobile SIM card provided by Speedtalk Mobile. Any mobile carriers GSM Sim card that supports 4G and 4G LTE devices are compatible with the CelloPener-365.

If you choose to use Speedtalk Mobile as your provider, you can activate the enclosed SIM card using a credit card by going to www.speedtalkmobile.com

www.SpeedTalkMobile.com Activation page below.

Activate Your Plan

Please enter your SpeedTalk Mobile SIM card number below to activate:
SPEEDTALK MOBILE SIM CARD NUMBER (NUMBERS ONLY)

8901240204119530656

ZIP CODE for the new phone number:

44128

Have system pick a random USA zip code for me

- 1.) Select Tracker Plans (GSM-TD)
- 2.) Select \$5 base rate
- 3.) Select Payment Plan (We recommend the 1 year to maximize savings.)

The screenshot shows the 'Activate Your Plan' page. A blue circle labeled '1' highlights the 'Service Plans' dropdown menu, which is currently set to 'Tracker Plans (GSM-TD)'. A blue circle labeled '2' highlights the '\$5' base rate button. A blue circle labeled '3' highlights the '1-Year Save 10%' payment plan option in the 'Upgrade your plan & SAVE:' section. The page also displays a 'Most Popular Plan' for \$10 and a 'TD Tracker' plan with details for talk, text, and data usage.
