NANTUCKET is Known for...
QUALITY CUSTOMIZATION!

★ CARE FOR CEDAR AND REDWOOD PRODUCTS ★
YOUR WESTERN RED CEDAR AND REDWOOD ITEMS MUST BE TREATED PRIOR TO BEING INSTALLED.
For specific treating instructions, please call 1.888.758.7678.

★ RETURN Policies ★

- Returns must include an RMA - the RMA is the Order Number
- Please contact Nantucket directly to obtain this information, or a refund will not be credited
- Custom Caps are Non-Returnable

We occasionally manufacture caps that come off the shapers with small chips of wood missing. We sell these caps as "seconds" and offer substantial discounts, please call for availability!

★ SPECIALTY SPECIES POST CAPS ★

Ball Finial Cap

Island Post Cap

★ CARE FOR YOUR NEW AZEK PRODUCTS ★

These AZEK products must be painted prior to being installed, or they will discolor and void the warranty.

The following is recommended:

1. AZEK doesn't have a finish, and that leaves the material subject to dirt, smudges, mold and mildew.
2. Properly prepared and painted with even brush strokes, gives the appearance of finely painted wood.
3. A properly painted finish will last for years, protecting the substrate from mold, mildew and the uv rays from the sun.

AZEK surfaces must be clean, dry and void of any foreign material such as dirt, oil, grease or other contaminants that may come from normal handling, storage and/or installation prior to painting.

Use a 100% acrylic latex paint with colors having a Light Reflective Value (LRV) of 55 or higher.

These AZEK products WILL NOT BE COVERED UNDER WARRANTY, if they are not treated prior to installation.

Mahogany Post Caps

Our High Quality Federal & Island Post Caps are Made from Kiln Dried African Mahogany!

Island Post Cap

AVAILABLE in ALL STYLES on Page 3

★ Post Cap Finial Care ★

PREPARATION... All Nantucket Post Cap finials are constructed of quality laminated clear Redwood and Western Red Cedar. They should be sealed BEFORE installation with an oil base primer, paint, stain or preservative to ensure long life. These should be applied to all surfaces INCLUDING the base.

★ Finial Installation ★

INSTALLATION... Finials are pre-drilled and are shipped with lag screws for easy installation after sealing. The screws should be inserted first into the base of the finial using a pair of pliers around the smooth section (not the threads).

Then thread the finial with mounted lag screw into the post. Pre-drilling the top of the post is optional and may aid in the installation. Exterior caulking material can be applied to the base to ensure a tight fit if desired.

ALL FINIALS MUST HAVE A PROPER SEALER AND/OR PAINT APPLIED TO PREVENT CRACKING.

 - Western Red Cedar • Azek
- are all in stock ready to manufacture!

**If we cannot source your wood,
UPS it to us, and we'll turn it into caps!**

**ANY SIZE, MANY SPECIES,
Numerous Styles of Post Caps!**

- Custom Caps are Non-Returnable •

★ THE NANTUCKET POST CAP ★

We Have a Large Selection of Post Caps and Finial Styles, Along with Our Many Other Attractive Products, in which can be Customized to Fit Your Landscaping Design Needs!

Our Materials... All of our post caps are available in Clear, Vertical Grain, Kiln-Dried, Redwood and Clear Western Red Cedar. These woods are known for their durability and beauty. Cedar also has a very long standing, strong resistance to mold and mildew. It's low density makes it less likely to swell, warp, cup or twist, compared to other soft and hard woods. Due to the caps being installed horizontally on top of the posts, they receive the most sun exposure. So even though you may leave a cedar fence to weather naturally, we highly recommend treating not only the cedar caps, but all wood species caps. We recommend all Nantucket Post Caps be sealed BEFORE installation with an exterior urethane, stain or paint to ensure long life. These should be applied to all surfaces INCLUDING inside and under the base where the cap rests on the post. With cedar you can find many semi-transparent stains to keep the cedar look while protecting the caps. Azek caps look like wood, but do not have any of the warping issues. You must paint them, however, to avoid the exposed cells from fading to an off-white color.

Please Call Us if You Have Further Questions Regarding Treatment or Protection of the Caps!

Our Construction... Slip over caps are crafted using a five-piece construction, with galvanized V-nails in each corner of the molding. Twelve or more stainless steel staples are used to permanently fasten the molding to the underside of our post cap.

Our Installation... For a nail-free look, simply apply an exterior marine adhesive, such as 3M 5200, to the top of the post and slip the post cap over, straighten and walk away! (Stainless steel finish nails may be used).

Our Guarantee... All molding styles are generally interchangeable. If you don't see the size you need, please call us. We can generally make most sizes, and with most species of wood. All special orders require a 50% non-refundable credit card deposit and are non-returnable. There is no additional charge for individual post caps or partial cases. We accept phone, fax or online (*credit card only*) orders. Credit applications are available upon request. Returns must be made within 30 days of purchase to receive credit. All returned items are subject to a 20% restocking fee. Please measure carefully and call us if in doubt. We ship stock items within 2 business days of receiving a purchase order. All shipments are FOB Randolph, VT. Special services, call tags, expedited delivery and residential freight delivery are subject to an additional charge.

Our Return Policy... IF you need to return any product to N.P.C., please either email: linda@nantucketpostcap.com OR call: 802.728.6260. RETURNS will not be accepted without prior notice to our Vermont office. We must receive a call OR email explaining the reason for the returns. If you are ordering a different product, the restock fee will be waived; otherwise we charge a 20% restocking fee. ALL CUSTOM Items are Non-Refundable.
