

7 1/2" (50lb) Cable Tie Specifications

- Faster – low insertion and pull through force
- Stronger – high tensile strength is achieved from one piece, advanced pawl, and teeth design
- Purer – manufactured from filtered nylon reducing particle contamination
- Easier – angled tail provides quicker initial insertion alignment and tail finger grips allow easier handling and tightening
- Safer – rounded edges provides added safety and eliminates installation damage
- Consistent – formulated molding processes

Color:	U.V. treated Black
Length inch/mm:	7.5/192.0
Width inch/mm:	.180/4.572
Thickness inch/mm:	.052/1.320
Tie Tensile:	50lb
Bundle Diameter:	1.875
