- Team name in place of HOME
- Full-sized 37-key control console with LCD display
- Up to 1,000 feet of data cable for hardwired installations
- ScoreLink Wireless RF modem system for wireless communication
- Additional warranty and support plans

DIGITS / INDICATORS:

Game Clock digits are 18 inches tall, while all others are 15 inches tall. All indicators are 4 inches in diameter. Digits and indicators are formed from matrices of super-bright, long-lasting, energy-efficient LEDs (Light Emitting Diodes). Choose either amber or red LEDs for all outdoor products. Our LED displays are protected by aluminum masks that allow the hard epoxy shells of the LEDs to be exposed for maximum viewing angles.
