Vinyl Fence Products

## Color & Texture

CertainTeed sets the standard for the latest innovations in sophisticated styling. From our proprietary texturing process to our unique shades and stain blends, CertainTeed is the undisputed leader in color and texture. Whether you want the look and feel of natural wood or an easy-to-maintain, economical alternative to stucco walls, Bufftech has a vinyl fence to complement any setting. Plus, Bufftech is virtually maintenance-free, and never needs staining or painting.

SAINT-GOBAIN

# Long-Lasting Beauty

Bufftech textured fence comes in an array of complementary styles and colors that you can match to your personal taste. All Bufftech products are beautiful, durable, and easy to care for – plus they're backed by a lifetime limited warranty with exclusive SureStart™ protection, the best warranty coverage in the industry.

## CertaGrain®

Almond

Bufftech fence offers a realistic woodgrain texture and rich, authentic shades that replicate the look of natural wood without the maintenance.

## Select Cedar

Frontier Blend

**On Cover:** Chesterfield CertaGrain Texture in contrasting colors: Brazilian Blend posts and rails with Frontier Blend pickets

\*Chesterfield fence styles not available in all colors. See full line catalog for complete information.

Colors throughout this brochure are simulated. Consult product samples before making final selection.

Bufftech is the only fence brand to offer CertainTeed's proprietary **ColorLast® fade protection**. ColorLast, a state-of-the-art acrylic formulation that provides superior protection from the harsh rays of the sun, guarantees that the color on our dark shades and stain blends won't fade more than 4 Delta E (Hunter) units – a measure that calculates color difference. A good warranty will guarantee products will not fade in excess of a Delta E of 4 Hunter units, which means any change in color will be nearly undetectable by the naked eye.

Bufftech's innovative alternative to traditional stucco walls, CertaStucco won't crumble, peel, chip or crack due to settlement, or stain like traditional stucco. It eliminates the time-consuming, costly task of digging a foundation and finishing the wall.
