

ADJUSTABLE CHAIN LINK GATE SYSTEM

Our fully adjustable, Fit-Right™ gate system is a custom solution for when you need a special sized gate opening. Equipped with all the necessary parts, our gate is assembled on-site to get the job done right, the first time.

- Works for any size gate opening from 24 in. to 72 in. wide
- Unique patented design builds a gate that will never sag or drag
- Easy to follow instructions
- Quality all-steel manufacturing
- Galvanized steel frame, chain link and hardware
- Use two and build a double drive-through gate up to 12 ft. wide

KITS CONTAIN: Gate hinges & latch / Gate frame
Chain link & hardware / Truss cable kit
